## Assignment Project Exam Help

- The quiz will be multiple choice. You get only one chance to answer a question. You cannot go back to an answered question.
- Use a piece of paper or an electronic pad to work on the question before you enter your answer.
- You get a total of 30 minutes to finish the quiz and you must start and finish during the allocated time. For example, assume the time allocated is between 06:00 am and 07:00 am: 1) if you start at 06:10 then you will have to finish no later than 06:40, but 2) if you start at 06:50 then you must still finish at 07:00
- The time allocation required for PMC students has been adjusted in CU Learn.
